Subject: Just One Question. . .

Why did you even bother with a trial when, in the end, you didn't do a thing?

I have completely lost faith in anything you purport. Your apologist press release did nothing but reaffirm my recently-gained belief that you don't plan on doing anything to punish Microsoft for their egregious antitrust violations. Even worse, you've ensured that they can continue doing it in the future with the full reassurance that the American Department of Justice has no teeth whatsoever.
